Your cat's registration in the Happy Household Pet Cat Club has no bearing on entering your household pet in the HHP classes of any cat show. It is not required for awards scoring for this or any other organization. It is required in order to apply for titles with HHPCC.

Please use your cat's HHPCC registration number when entering your cat in the Household Pet Class in any show. Many shows are printing it in their show catalog.

If you are not completely satisfied with your cat registration and certificate, just return the certificate and the registration will be cancelled and your money will be refunded promptly.

Please print clearly. Your certificate will be hand lettered and sent to you. It will take 4 to 5 weeks to send your certificate, but you may have the registration number right away if you ask for it.
